Mayor's Message

Let it rain, let it rain, let it rain! As I look up at the mountains and only see a little snow, I wonder what we are going to use for water this summer. While the recent rain and snow have certainly been a blessing to our City and the state of Utah, we need much more of it. The way it looks right now, we will all need to use water more conservatively again this year. We were able to get through this past year with everyone doing their part, and we will make it through again this year if everyone does the same. I suggest that as you hold family councils that you discuss ways to conserve water in your own families and your own neighborhoods. As a city, we have been planning different ways to conserve our water and to get other sources to aide us this year. Hopefully, the moisture keeps coming so our water will be in good supply before summer gets here.

Winter is always hard on our roads and this year is no exception. Our roads are built well, but Mother Nature has a way of freezing and popping the asphalt. I'm pretty sure some of those pot holes she created could swallow your entire car! Our Streets Department is busy filling those pot holes as fast as they can, but basically every road in Lehi needs some repair work. Help us out by reporting pot holes by visiting www.lehi-ut.gov and clicking on "Report an Issue" at the top of the page. Once we get your request, we will get someone out to work on it as soon as possible.

The last item I want to address is speed. We are still seeing many individuals going much too fast through our school zones. The speed-limit in a school zone is 20 miles-per-hour, NO EXCEPTIONS! There is no meeting in the world that is worth killing or hurting a young person because you were racing to get to it. Also, people in most subdivisions are driving at speeds well over the speed limit of 25 miles-per-hour. The same thing applies... DON'T DO IT.... The police department hates giving tickets to their friends, neighbors, and to our citizens. But, it is easier for them to give out tickets than to visit the home of one of our citizens and tell them one of their loved ones was killed by someone speeding. Let's all pay attention and get people home alive.

Thanks for all you do and the support that you give. It means a lot.

Mayor Bert Wilson
